

## Escape Room

*Philippians 2:12-18*

### **Understanding the Bible:**

What is the problem being expressed in this Bible passage?

How does God show up in this Bible Passage?

What does the apostle Paul say will be the result if we continue to work out our salvation as God works in us to fulfil his good purpose?

My favorite song today:

Things I will pray for this week:

## Today's Bible Passage: Philippians 2:12-18

Therefore, my **dear friends**, as you have **always obeyed**—not **only** in my presence, but now **much more** in my **absence**—**continue** to **work** out your salvation with **fear** and trembling, for it is God

who works in you to will and to act in **order** to **fulfill** his **good** purpose. Do **everything** without **grumbling** or **arguing**, so that you may **become blameless** and pure, “**children** of God without **fault** in a warped and **crooked generation**.” **Then** you will shine among them **like** stars in the sky as you hold firmly to the word of life. And **then** I will be able to boast on the day of Christ that I did not run or labor in vain. But even if I am being poured out **like** a drink offering on the sacrifice and service coming from your faith, I am **glad** and **rejoice** with all of you. So you too should be **glad** and **rejoice** with me.

I'll send back the man you sent to take care of my needs. He misses you and is upset because you heard he was sick.

Then you will shine like stars in the sky as you hold firmly to the word of life.

Count the stars in the sky.

Circle the correct number: 6 8 9 10

And then I will be able to boast on the day of Christ that I did not work in vain.

I hope to send Timothy to you soon to hear news of you. I have no one else like him, who truly cares about you.

Circle the picture of Timothy.

Timothy has proved himself, because he has served with me in the work of the gospel.

But I think it is necessary to send back to you Epaphroditus, ... whom you sent to take care of my needs.

Reading from left to right, write all of the 1's in order. When you reach the last 1, return to the top and write all the 2's in order. Then return to the top and write all the 3's in order.
